PROGRESS OF THE UNION PACIFIC RAILROAD.

Under date of the 15th August last, the Government Directors of the Union Pacific Railroad reported to the Secretary of the Interior that the work on that road since their last report has progressed quite rapidly. Since the opening of the season for work, there have been one hundred and ninety miles of grading finished, and one hundred and forty miles of laid and accepted by the Government. In addition there has been work done on the grading about one hundred miles further, all of which, it is confidently believed, will be finished, and the superstructure and rails laid before the close of the season. The number of miles of track finished and in operation at this date is four hundred and thirty. In the month of June last, one of their number, Mr. Carter, being detailed to proceed to the Rocky Mountains to examine the location of the road in each direction, reported that the road may be constructed to the summit of the first range of mountains this season, if the same energy is used as heretofore, and if the military authorities will afford sufficient protection. At the same time another of their number, Mr. Williams, was detailed to examine the proposed sites for a bridge over the Missouri River, and give his opinion as to the plan to be adopted. The shifting banks and changing channels of that river convince them that the best experience of the country, as well as a large amount of money, will be required to effect the object. The road bed and track are well constructed. Two machine shops are in full operation, one at Omaha, with its machinery, costing about $250,000, the other at North Platte, costing about $20,000. In the possession of the Company are forty-seven first-class locomotives, eight hundred and twenty-six freight, ten passenger, five baggage, and sixty hand cars. In course of building are six locomotives, and three hundred freight cars. The report also states that the gross receipts of the road during the month of May, were $350,000; in June, $180,000; in July, $300,000, and during the first week in August, $90,000. There are thirty-five hundred men employed on the grading, and four hundred and fifty engaged in laying the superstructure. Five hundred and fourteen miles west from Omaha the town of Cheyenne has been laid off. It is expected that the track will be laid to this town by the first of October, and when it is completed it is the design of the Company to erect at that place large machine and repair shops.

A NATIONAL LABOR PARTY.—The New York *Sun* is arguing to prove that there never can be, in this country, a successful movement to combine the electoral power of the working men for the purpose of obtaining labor reforms. The editor reasons: "In the first place the elements will not combine. The class who would be called upon to do so represent every color and character of political opinions. They are generally strong partisans, wedded closely to their political opinions, and unwilling to vote in opposition to them. A workingman who is a staunch Democrat is not likely to vote against his party because the promise of some vague improvement in his social condition is offered in return. Just so with a Republican. But the greatest obstacle to the success of a combination of this character is the subtlety of politicians. The latter class have always managed to worm themselves into the confidence of workingmen by some means, and they will do so again. If they cannot secure the favor of the laboring classes directly, they will do it indirectly, through their satellites. Political manufacture is a trade, and those who know nothing about it can hardly hope to be successful. An attempt to form a political party composed of working-men, would inevitably result in failure, and not only in failure, but dissensions and divisions among the present trade organizations, and thereby be positively hurtful to the interests of labor."

THE following mysterious puzzle has nearly turned the brain of a score of adepts who have tried in vain to solve it:

The explanation is "a little dark-e (darkey) in bed turned round, with nothing over it."

GIVE THE DEVIL HIS DUE.—The N. Y. *Times* publishes the following letter from the rebel General Magruder:

"So many misrepresentations have been made regarding me, that I deem it right to say that I was not at the Stock Exchange with Gen. Beauregard or with any one else; that I do not know where that institution is; that I did my duty in attempting to keep up the spirits of the troops under my command until my commanding officer had decided to surrender; that by the terms of that surrender, the commissioned officers of the Trans-Mississippi Departments were allowed to select their residences within or without the limits of the United States.

"I will further state that upon the surrender of the Trans-Mississippi Department, I published an order—probably the last of the war—condemning in the strongest terms the formation of guerrilla parties, and urging all to support the laws and obey the orders of the United States authorities with an honest, zealous and loyal spirit.

"Further, I sent my staff and luggage openly by a ship-of-war, courteously placed at my service by the United States naval commanding officer at Galveston, and would probably have gone myself but that all communication between New Orleans and Havana, where I desired to meet my family, was cut off by quarantine. I intended to embark at Matamoras, but was turned aside from that route by the robbers both of Texas and Mexico. Reaching the City of Mexico *en route* to Havana and Europe, I was offered by the good and noble Maximilian the office of Chief of the Land Office of Colonization, which I accepted, it being a purely civil appointment, and entirely unconnected with politics, domestic or foreign.—Previously to reaching the City of Mexico, I advised the Confederates not to make use of any asylum in a foreign country to plot against their own, and this advice was strictly and honestly followed. The offices held by Capt. Maury and myself having been abolished through the financial embarrassments of the Empire, I returned to this country to work like a man for my personal independence, which I am now doing, without seeking or avoiding my former friends. J. BANKHEAD MAGRUDER."

THE steamer Colorado is to bring over another band of Japanese performers, who are of course to excel everything in the way of Asiatic acrobats that we have yet seen. This promised avalanche of tumblers consists of twenty-five performers.

UNDER the amended United States Revenue law passed March 26, 1867, stamps are not required on affidavits of any kind.

Copy of the Report of the Committee of Awards a the Fair of the
AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:
1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—Fine perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

A CARD FROM THE
AMERICAN WATCH COMPANY,
Of Waltham, Mass.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.
The difference between their manufacture and the European, is briefly this; European are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, are the product of the cheapest labor of Switzerland and the result is the worthless Ancres, Lepines and so-called Patent Levers—which soon cost more in attempted repairs, than their original cost. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches are made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.
The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL Watches made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents.

EUREKA HAIR.—We gather the following account of this new material for mattrasses and sofas from the State Fair *Gazette*, of the 13th instant: "We have no article upon exhibition in the State Fair that out-vies in importance this new manufacture brought from Dutch Flat, by the Eureka Hair Company, but besides this, it is a curiosity.—Who would have thought that this "tarnal pesky soap root" of California, that has caused so much trouble and violations of the principal commandment among our farmers would ever be turned to any good use. It is true that the diggers, from a time whereof the memory of Mahalas runneth not to the contrary, have used it for cleansing purposes whenever they were tired of being classed as the "great unwashed," but that it should ever be brought in service as a luxury, discounting any other article heretofore used for comfort and cheapness, never before entered the noddle of any sane man. Yet here we have it, dug, shreded and curled, all ready to be placed into the most luxurious couch or any easy chair which the upholsterer's skill can produce. There is one thing about this article that we must make mention of, and that is it contains no animal matter, and is never troubled with moths or vermin," We understand that brushes for different purposes are now being made from the manufactured soap-root that answer the uses for which they are intended much better than brittles.

THE YELLOW FEVER AT GALVESTON, TEXAS.—A letter from Galveston, dated August 12th, says: "We are in the midst of one of the most terrible epidemics that has ever visited this city. It commenced in July, in a mild form, with but fourteen cases in that month, and has now beceme as violent as I ever saw it in New Orleans. Some cases have not lived over twelve hours after the first symptoms appeared. In the Second and Third Wards, almost every other house has one or more cases. It has spread all over the prairie north and west of us. I visited over forty cases in that direction yesterday, some of them a mile northwest of the Cemetery. The hospitals are full and crowded, and some will have to be improvised if we can get the means. Entire blocks of stores are closed, and but little else is done besides attending to the sick and providing for the destitute, and it is estimated we have yet ten thousand unacclimated persons here for it to feed upon. Most of the cases can be saved with prompt and proper treatment. There were eleven deaths last night in one block east of the market."

CRITICISM.—The San Francisco *Evening Dispatch* says of Stoddard's poem, "A Legend of San Francisco": "The measure is awkward, and the composition throughout commonplace." The *Dramatic Chronicle* says that "The individual who wrote the paragraph is no better qualified to deliver an opinion in regard to poetry than a Digger squaw is to discuss the latest Paris fashions.

MINORITY REPRESENTATION.—John Stuart Mill, the great English logician, philosopher and statesman, not only favors woman suffrage, but a plan for giving the minority of every government representation in the popular branch of the legislative body.—The Constitutional Convention now sitting in New York is endeavoring to accomplish the same thing. But it took California to give the whole State Government to a minority.

DOZIER COMPANY.—At the late meeting of the Dozier Metallurgic Company E. L. Bradley, D. W. Strong, S. B. Harriman, M. S. Gardner and M. Frink, Jr., were elected Trustees for the ensuing term.

MILITARY ELECTION.—At the last meeting of the Pacific Guard, M. H. Calderwood was elected to fill the vacancy caused by the resignation of Captain Wardner, and James T. Mathewson elected Second Lieutenant.

CEMENT MILL BURNED.—The Missouri Tunnel Company's cement mill, at Yankee Jim's, was destroyed by fire on the night of the 8th inst. Loss estimated at $10,000 to &15,000.

FIFTY tons of pig iron, the first of Oregon manufacture, was landed at San Francisco, on Monday of last week by the steamer Montana.

OUR PUBLIC SCHOOLS.—Prof. Silliman, at the alumni meeting in Oaklan l, paid a high compliment to the Legislature which passed and to Mr. Swett, State Superintendent, author of our revised School Law. In many respects our school system is in advance of any other to be found, and at every session of the Legislature it should be improved till it becomes perfect. To do this we must continue in office our present Superintendent, and have a Legislature friendly to the system. There is a large number of Democrats in this State utterly hostile to the present system of schools. They have made repeated attempts to break it up, and substitute in its place a distribution of the public money among the religious sects or denominations. It is reported that this attempt is to be renewed the coming Winter, and that the Democratic candidate for State Superintendent of Public Instruction is in favor of the measure. If this is true, every voter in the State, should know it, so that the question may be voted upon at the coming election. We cannot believe that the Legislature, though Democratic, could be brought to the insane purpose of destroying our common Schools—the glory of the State; but with a Superintendent of Public Instruction committed to such an effort, there would be great danger. We hope the purposes of those who have hitherto made the attempt, and the sentiments of both candidates, may be fully and distinctly presented to the people, that we may vote intelligently upon the issue.

OF A FEATHER.—Henry A. Wise, the prince of secessionists, delivered a speech before the Washington Academy, at Richmond, recently, in which he takes ground in favor of the taxation of the National Bonds, and endorses the platform as advocated by the Democrats in this State during the late election. He says:

We all now owe a natural allegiance to our country, and any test oath to support its Constitution, or oath of registration, is a violation of that Constitution. There is an effort to make white freemen of the South subject to the domination of black freemen. Against this we must appeal to the white masses of the North, who will not permit the sacrifice of nature's laws to political prejudice. The whites of the New England and Middle States and of Europe must not be kept out of the South by black rule. This is the white man's land, and must be kept open for white men. He said that to avoid the national dishonor of repudiation the interest on the national bonds must be reduced to four and a half per cent., that this interest must be taxed and the whole debt consolidated—then the rich would stop hoarding bonds.

IMPROPERLY CLASSED.—Oliver Wolcott, Senator from Tuolumne, was set down by some of the papers as a Democrat, and seeing the paragraph thus misrepresenting his political status, he writes feom Sonora under date of September 10th as follows:

"In my own behalf, I must say that I have never been a member of the Democratic party, and certainly am not now; originally a Whig, afterward an anti-Lecompton man, a supporter of David C. Broderick while he was United States Senator, a believer in the principles enunciated by Stephen A. Douglas, who was at that time not called a Democrat, and then one of the first in the formation of the Union organization in this county and State, and now known as and being a Radical in the Union ranks, all my sympathies and opinions are with our loyal Congress, and in direct opposition to "my policy" proclaimed by the accidental and recreant President, Andrew Johnson.—Our defeat will increase our courage and strengthen our party, producing the same effect as did the first battle of Bull Run; nor will the Union party cease its labors until the results of the war are attained, comprising liberty, equality and exact justice to all. Therefore, you may rest assured that I will vote and act with the members of the Union party and with none others."

A FATHER'S VENGEANCE.—From the Red Bluff *Independent* of the 11th instant, we copy the following account of perfidy, disgrace and punishment: "For some time past a gentleman of Weaverville, who has a pretty daughter of sixteen years, has been keeping a watch upon the advances of Hon. John Murphy, the County Judge of Trinity county. On Friday evening last he tracked his daughter to Judge Murphy's room without exciting suspicion, and entering the room suddenly he attacked the seducer with a large knife, inflicting many stabs several of which are deemed quite serious. The poor girl, robbed of her honor, is said to be insane over the tragic occurrence. Murphy is about fifty years of age—certainly old enough to be a better example to the community than that above would indicate."

MALEVOLENT.—The *Dramatic Chronicle* says that there is some malevolent being who scribbles for the Gold Hill *News*, who steals "leaders" from Eastern papers, and revamps articles from encyclopedias and text-books, with a poor show of profundity, and who has lately been particularly venomous against Tom Fitch and Senator Stewart. Those who profess to be posted, say that this spiteful and small-minded creature, who plays the part of a literary thief and a political assassin, is named Sumner—Charles H. Sumner.

INCOME TAX.—By reference to an advertisement in another column it will be seen that the annual assessment of Internal Revenue taxes has been received, and is now due and payable. Read the advertisement, and see what you'll get if you don't "come to time."

CHOLERA!

MR. PERRY DAVIS:—Sir: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen you a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Weariness, common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhœ, Dysentery, Toothache, etc., THERE IS NOTHING BETTER THAN THE PAIN KILLER. I have this hour recovered from an attack of the Sick Headache, by using two teaspoonsful, taken at thirty minutes interval, in a wine glass full of hot water. I am confident that, through the blessing of God, it saved me from the cholera during the summer of 1843. Traveling amid heat, dust, toil, change of diet, and constant exposure to an infected atmosphere, my system was daily pre-disposed to dyssentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful curing the worst case in an hour, or, at the most half a day. I have heard of many cases of Dysentery being cured by its use. Put in the teeth, it will stop the toothache. Gratitude and a desire for its general use, has drawn from me this unsolited testimonial in its favor.

SEMI-WEEKLY ENQUIRER.

BONNER'S FAST HORSES.—Mr. Bonner, proprietor of the New York *Ledger*, has just added to his stable of noted horses the celebrated horse Dexter, for which he paid the sum of $50,000 dollars. The following is the dispatch of this horse fancier announcing the purchase:

BUFFALO, August 14.—I saw Niagara Falls this morning for the first time, and came down here this afternoon to see the other great wonder, Dexter, trot, when he beat the world, having trotted in the unprecedented time of 2:17¼. You know I like to secure all the best things, and as I could not buy the Falls, I did the next best thing and bought Dexter. He will go to stable next month.

The following are the horses now owned by Bonner and the prices paid for each:—Dexter, $50,000: Pocahontas, $35,000; Auburn Horse, $13,000; Peerless, $5,000; Flatbush Maid, $5,000; Lantern, $5,000; Lady Palmer, $5,000. Total, $118,000.

APPROPRIATE.—There is to be a grand Democratic barbecue near Sebastopol, Napa county, September 20th. Among others, the Governor elect has been invited. Entirely correct. "Stalled ox and Haight red therewith."

JOLLY.—The *Call* feels jolly over the result of the election. The *Call* has reason to feel jolly. It has probably got its pay—cash down.—*Dramatic Chronicle.*

Did it get a "quart of pea-nuts" for its opposition to the Union nominees? If so, the Democrats have a "come back." It didn't earn a pint, unless they were rotten.

WHEN does constitutional liberty end? When Democrats are out of office and made to obey wholesome laws.

REMOVAL.

DR. TOZER,
Formerly of Lock Hospital, London.

Would most respectfully call the attention of the public of San Francisco and vicinity to the fact that he has removed his MEDICAL INSTITUTE from the corner of Jackson and Kearny streets,
TO 108 MONTGOMERY STREET,
Adjoining Occidental Hotel,
Where he will be in attendance daily to administer to the wants of all those who may require his services.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering:

Nervous Debility, Loss of Memory, Pain in the Limbs and back, Palpitation of the Heart, Trembling of the Limbs, Headache and an aversion to Genial Society, especially that of Females.

There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter, and there will be no occasion for your calling at the office.

STRICTURE OF THE URETHRA

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourselves of its terrible results. The worst cases cured in a few days.

DR. TOZER has for the last forty years given his entire attention to the TREATMENT AND CURE of SPECIAL COMPLAINTS, and will GUARANTEE a cure in all cases. His remedies are Purely Vegetable, and positive in their action.

His remedies for all FEMALE COMPLAINTS have been tried in this City and State for the last fifteen years, with the greatest success.

His FEMALE PILLS are unrivaled in the cure of suppression of the monthly sickness. Price, $5 per box—to be had at the office only. Sent by mail or express on receipt of price.

REDINGTON & O.'S

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to a persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by etter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

MEDICAL.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L— H—.

San Francisco, June 16, 1864.

subscibed and sworn to before me, this 21st day of June, A. D. 1864.

[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping trat my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—NEWS

TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco, Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT IS the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.
